Comment mesurons-nous la composition de l'atmosphère terrestre?

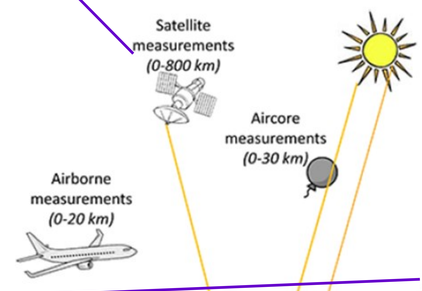

Hoe we de samenstelling van de aardse atmosfeer meten?

IASI on board METOP-A, B and C

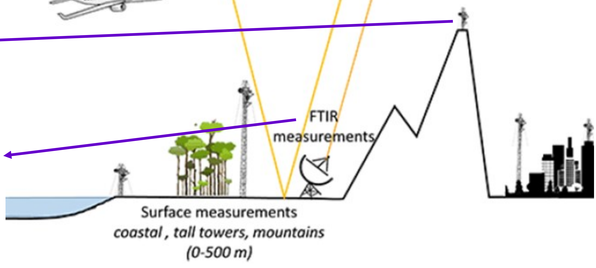

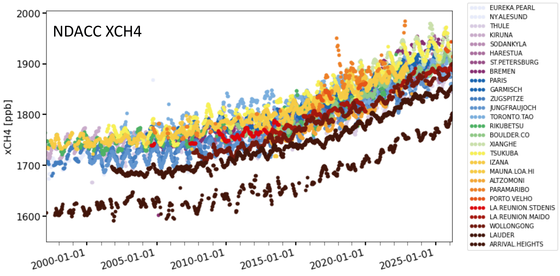

ICOS Integrated Carbon Observation System

Observatoire de l'Atmosphère du Maïdo
ICOS Class 2 Atmosphere Station

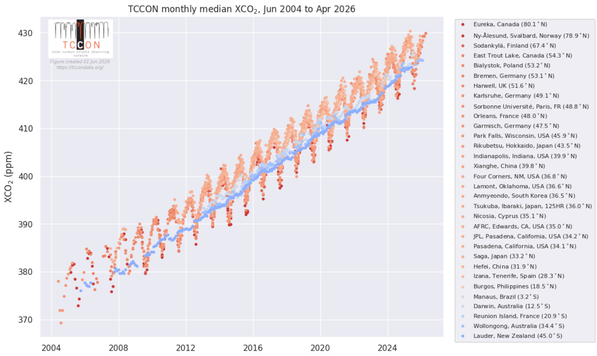

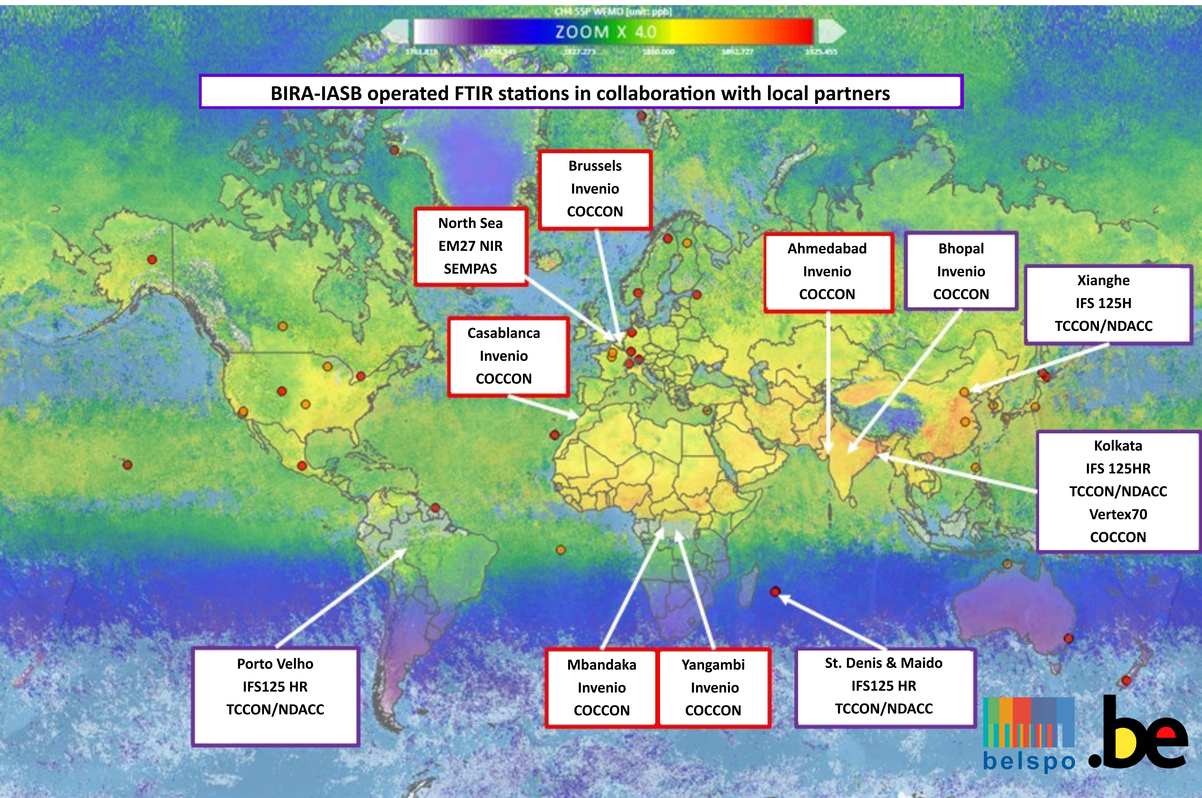

Al onze grondstation metingen worden uitgevoerd in het kader van internationale netwerken (NDACC, TCCON, COCCON) of Europese Onderzoeksinfrastructuren (ICOS & ACTRIS)

Toutes nos mesures en station au sol sont réalisées dans le cadre de réseaux internationaux (NDACC, TCCON, COCCON) ou d'infrastructures de recherche européennes (ICOS et ACTRIS).
